EDUCATION AND INFLUENCE

Window of Hope's President Dr. Jim began lecturing on disaster relief and best practices to engaged medical practitioners. We are committed to the development of appropriately trained disaster relief teams to facilitate rapid delivery of high quality and appropriate care during times of crisis.

HUMANITARIAN PROGRAMS

We continue to support an important feeding program in the impoverished shanty-towns of Soweto, outside Johannesburg, South Africa. Water filters were also distributed as part of our disaster relief program to insure safe drinking water for communities at risk.

PARTNERSHIPS

In 2010 we established strong partner agreements with other relief agencies in order to maximize effectiveness, minimize administrative costs and bring real help and hope to those in need.

FROM THE FOUNDER'S HEART

Let me express my deepest appreciation to all of you that have sacrificed in giving to Window of Hope. I am moved by the love and generosity of our volunteer team members and our financial supporters. We simply could not do what we do without your assistance. In a year marked with incredible tragedy and unspeakable suffering, and in the midst of tough economic times, you have made it possible for us to step into the despair with a compassionate touch, practical help, and above all else, a Window of Hope. May God Bless each one of you. Dr. Jim Lindgren
